INTEREST PAID ON TIME CERTIFICATES OF DEPOSIT.

## DIVIDEND PAYING Oil and Mining Stocks,

Other high grade 6 per cent. guaranteed interest preferred stocks and bonds for sale. OSAGE OILS; well No. 11, Lease 67, has been brought in during the month as an oil well equal to any on the lease and is now a good producer. Well No. 13, Lease 67, has been drilled and is flowing well. This makes 12 wells (independent of No. 13) on lease 67, owned by the four Companies, drilled without a single "dry hole."

The four Osage Oil Companies owning the above wells have returned to stock holders during the year in monthly dividends, the sum of \$50,000.00, against an actual investment in property and development of approximately \$60,000.00, with a handsome surplus yet remaining in their profit fund for extra dividends, subject to the action of the stockholders at their annual meetings to be held in January.

Withdrawal of oil stocks; the stock of the four Companies have been entirely withdrawn from the market. An announcement will probably be made no later than January 15, of the entire withdrawal from the market of the stock of the Interstate Osage Petroleum Co., which will begin dividends in January at the same rate as the other four Osage Petroleum Companies. This Company has demonstrated by its four wells already brought in that it has an earning capacity, with development, equal if not in excess of the four Osage Petroleum Companies first operating in the Bartlesville District, and it has a surplus in its profit fund of practically \$1,000 at the present time available for dividends. Any customer desiring to secure this stock will have to send in their subscriptions prior to the date of its withdrawal.

The Interstate Osage Petroleum Co. now has in its profit fund approximately \$3,000, against an investment in the property and development of some of less than \$21,000, which we think is a remarkable record for the Osage properties for 1905.

## CONSUMERS' ICE CO. PLANT

Changed Hands Thursday,  
But Price Not Yet  
Made Public.

HARDWICK PURCHASER.

Guaranteed Price For 16  
Years to Remain at 25c  
Per 100 Pounds.

Something "on ice" was expected to be made known for several days of this week.

Thursday a rumor became current which is not denied by the directors, that the Consumers' Ice Co. had sold its plant to Mr. R. C. Hardwick, of this city. So far as we can learn, the terms of the sale are that persons owning stock in the company will get par for it with nearly four years interest. Under the articles of incorporation the maximum price for twenty years was fixed, and by terms of sale this price is guaranteed for 16 years more.

Another report was also in circulation, saying that one of the ice companies had been sold to a company who would start a large brewery in connection with it. One report was that the Ellis Ice Company was the one that had changed hands.

Still another report "on ice" gained circulation. The Ellis Ice Co. which is said to be putting in a plant double its present capacity, had given out that during the coming season it would reduce the price to 15 cents per hundred. We give this at what it is worth.

## PRETTY WEDDING

Was That of Miss Gary and  
Mr. Anderson.

The marriage of Miss Lillian Gary to Mr. A. B. Anderson, at the Baptist church Wednesday evening was one of the prettiest church weddings ever seen in the city. The wedding march was played by Mrs. J. H. Anderson. The bridal party were preceded by the ushers, Messrs. Guy Starling, Fred Jackson, Almond Browning and Emmett Jones.

Rev. D. B. Cabell and Rev. Dr. C. H. Nash, the officiating clergymen, followed. Misses Jean McKee and Betsy Ware were the bridesmaids; Messrs. Lawson Flack and Browne Whitlow the groomsmen.

Little Miss Addie Bell Gary and Dorothy Eckels were flower girls. The maid of honor was Miss Elsie Matlock, of Bowling Green.

The groom entered with his best man, Mr. Geo. W. Hight, Jr., of Nashville. The bride came in with her father, Mr. Geo. E. Gary. Forming a group about the altar, the ceremony was pronounced by Dr. Cabell and the invocation by Dr. Nash.

From the church, the bridal party repaired to the home of the bride's parents where the young ladies of the Oumswee Club and a few friends were entertained until the night train, which Mr. and Mrs. Anderson left on for a tour to New Orleans.

Thus Hopkinsville loses to Nashville one of the most charming and accomplished of her daughters. Mr. Anderson is a gifted young attorney who is to be congratulated on his good fortune. They will reside in Nashville.

In the afternoon at 2:30 Mr. Gary gave a smoker at Hotel Latham in honor of Mr. Anderson and his friends, Dr. Cabell, Prof. W. C. Anderson and Geo. W. Hight, of Nashville, and Mr. Kirby Fitzpatrick, of Ardmore, I. Ty. It was attended by about thirty leading citizens.

Mr. J. B. Allensworth has returned from a business trip to Texas. Judge Cansler, who accompanied him, will be home later, having stopped over to visit his son, Charles, at Muld, Oklahoma.

CONGRESSMAN NICHOLAS LONGWORTH AND MISS ALICE ROOSEVELT.

## A STOCK LAW TO BE VOTED ON.

Council Transacts Some Important Business Thursday Night.

STREET CAR FRANCHISE.

Delinquent Taxes to Be Collected By Due Process of Law and Property Sold.

The Council met Thursday night with the mayor in the chair and all of the councilmen present.

An appropriation of \$250 was made for the colored schools to be paid from the School Fund, all voting aye.

A resolution was adopted giving the Fire Company and the Uniform Rank Knights of Pythias permission to contract for the holding of a Carnival at Mercer Park in May, the exact date to be fixed later. J. T. Hanbery for H. M. Dalton, who bought the Street railway and lighting franchise, applied for a re-enactment of the franchise for a "Street Railway, Light, Gas and Power Plant." He stated that financial arrangements were about complete with New York capitalists who asked that they be given the right to operate a power plant, using either gas or electricity or both, with the purpose of furnishing motive power for machinery of any possible magnitude. The plant would be large enough to run the proposed cotton mill if desired. The franchise was read and compared with the old one and passed by a vote of 5 to 2, Councilmen Clark and Ware voting no. The sale was by its terms ordered for 10 o'clock Monday and the Council will meet Monday night. The action taken does not repeal the old franchise, but is an extension to the one in force when ratified. Mr. Dalton stated that his backers would be here Tuesday to close the deal and he expected to begin operations within 30 days.

Health officer Woodard asked for the passage of an anti-spitting ordinance, prohibiting spitting on the pavements, which was lost by a vote of 3 to 4.

An election was ordered to be held March 13, between the hours of 8 a. m. and 4 p. m. to take the sense of the voters of the city, by wards, on the passage of a stock law.

The Councilmen pledged themselves to obey the wishes of their respective constituents as expressed by a majority of those voting. The Mayor and clerk will arrange for a vote in each ward by an old fashioned secret ballot, which will be held without expense to the city.

The City Attorney was ordered to instruct the city tax collectors having unsettled tax bills to proceed at once to enforce collection of all delinquent taxes prior to 1905 by advertising and selling property not later than May 15th.

## SURVEYORS

As is well known the survey for the Belt Line road was made some time since. A lot of material has also been here for two weeks or more, Thursday surveyors were at work running cross sections to get the proper grade, and ere long graders will begin work.

## Hurt By Tree.

Mr. Owen Wood, who lives about 4 miles from the city on the Cox Mill road, was the victim of what might have been a serious accident yesterday. He was felling a tree which hung on a sapling and when he went to the sapling and shook it, the tree fell, one limb striking young Wood, dislocating his left hip. Drs. Stone and Caudle were summoned and put the joint back into position.

## COTTON MILLS A CERTAINTY.

Eastern Capitalists Have Been Consulted Definitely and Everything Satisfactory

WILL SURELY BE BUILT.

Committee Says That Everything Points to Quick Subscriptions to the Stocks.

In a talk with one of the committee to solicit stock yesterday we are told that the work of investigation has been completed and there is nothing to keep our people from taking stock in the proposed cotton mills. Every point has been carefully looked into and the committee will soon call upon our people to aid in securing this great enterprise.

When asked if the mills would be built he said most emphatically, they would. Mr. J. H. Anderson, who is now in New York City, had talked with Mr. John C. Latham, a recognized authority on cotton and cotton industries, and that after investigation Mr. Latham asserted that all cotton mills have succeeded and declared handsome dividends, ranging from 18 to 40 per cent. Eastern capital will be invested and everything looks so auspicious that we can positively assert that the mills are a certainty.

## We - - Want Tobacco

To Prize For Association.

We have three large factories equipped with most modern and up to date improvements for handling tobacco. With fifteen years successful experience in the tobacco trade, we can guarantee best possible service.
